PROFILE SUMMARY

- Accumulated extensive experience in **Android development**, with a focus on implementing **efficient architecture** and **delivering rapid solutions**
- Demonstrated a consistent record of success in **creating and developing robust applications** for Android devices
- Possess extensive expertise in **Java, Kotlin, XML, REST API, Dagger Hilt, and Git**
- Skilled in effectively **applying clean architecture principles** and leveraging the full potential of **Android Jetpack components**
- Proficient in conducting **comprehensive unit testing**, utilizing **JIRA** for **project management**, and employing **version control systems** such as **Bit Bucket**
- Possess **exceptional problem-solving skills** and thrive in a dynamic and **collaborative work environment**

CAREER TIMELINE

PROFESSIONAL EXPERIENCE

Oct 2022 – May 2023 | Docquity Service Private Limited, Gurugram | Senior Software Engineer-Android/Kotlin

Key Result Areas:

- Developing and engineering Android applications** while integrating APIs and data sources based on specific requirements
- Creating contemporary, secure, and feature-rich Android apps** from scratch using Kotlin
- Demonstrating a high level of expertise** in native Android development
- Transforming design drawings** and wireframes into functional code to ensure alignment with project requirements
- Diagnosing and rectifying performance** bottlenecks and resolving bugs
- Contributing to the maintenance of code quality**, streamlining codebases, and automating processes

Feb 2022 - Aug 2022 | Unite and Rule Marketplace Private Limited, Mohali | Senior Application Developer- Android/Kotlin

Key Result Areas:

- Spearheaded the conceptualization and development** of Android applications, collaborating with cross-functional teams to integrate APIs and data sources
- Pioneered the creation of modern, secure, and feature-rich Android apps** from the ground up using Kotlin
- Showcased a profound proficiency** in native Android development
- Focused on maintaining code quality**, optimizing organization, and automating processes
- Stayed at the forefront of emerging mobile app trends**, designs, and technologies

Jul 2018 - Oct 2021 | Fliplearn Education Private Limited, Gurugram | Software Developer-Android (Java & Kotlin/Flutter)

Key Result Areas:

- Designed, developed, and bolstered** advanced Android applications
- Collaborated with cross-functional teams**, including back-end and cross-platform groups, to envision, design, and roll out new app features

CORE COMPETENCIES

Clean Architecture Design

User Interface (UI) Design

Mobile App Trends and Technologies

MVVM and MVP

Application Support and Maintenance

Mobile App Performance Optimization

Agile Development Methodologies

User Experience (UX) Design

Quality Assurance and Testing

TECHNICAL SKILLS

- Programming Languages:** Java, Kotlin
- Data Formats:** XML, JSON
- Android Development:** Android Application Development, Android Jetpack
- Software Architecture:** Clean Architecture
- Dependency Injection:** Dagger Hilt
- Version Control:** Bitbucket, Git
- Networking:** REST API, Socket
- Concurrency:** Coroutines, Flows
- Testing:** Unit Testing
- Issue Tracking:** JIRA
- Database:** Room
- Network:** Volley, Retrofit
- UI/UX:** Material Design, Custom Controls, Data Binding
- Threading:** Thread
- Hardware Integration:** Camera, GPS, Chromecast, PayPal, CCAvenue, Pay U
- AndroidX Libraries:** AndroidX
- Socket Programming:** Socket
- FLUTTER BLOC Architecture:** Bloc Architecture in Flutter
- Module Integration:** Integrating modules in Native Android
- Widgets:** UI Widgets
- Third-Party APIs:** Third-Party API Integration (Facebook, Google APIs, Firebase, FCM)
- Utilities:** Dios
- Retrofit:** Retrofit library for API interactions
- Analytics:** Google Analytics, Crashlytics
- Tools :** Android Studio, Eclipse, IntelliJ, Visual Studio, Jira, XCode

- **Engineered cross-platform and product connectivity**, communication, and feature integration
- **Utilized third-party data** sources and APIs
- **Contributed to the construction of innovative** and dependable Android applications

Jul 2016 - Jun 2018 | Escape System Consultants Private Limited, New Delhi | Android Developer

Key Result Areas:

- **Played an integral role in all phases of app development**, including requirement gathering, coding, release, and bug resolution
- **Demonstrated adeptness** in utilizing the Android SDK and Android Studio
- **Evaluated and adopted novel technologies** to enhance the developer experience
- **Designed user interfaces** accommodating various smartphone and tablet screen densities and resolutions
- **Liaised and collaborated** with local and international teams and client stakeholders

Nov 2015 - Jul 2016 | XeliumTech Solutions, Gurugram | Android/Flutter Developer

Key Result Areas:

- **Conducted comprehensive code unit testing** to ensure a bug-free, reliable, and user-optimized experience
- **Collaborated closely with team members** to ideate, develop, and introduce new app features
- **Implemented security protocols** consistent with overall security objectives
- **Strategized, designed, built,** and delivered end-to-end Android mobile apps using Java
- **Managed version control systems** and tools, such as GitHub

PROJECT DETAILS

Docquity Android (Social Media); 2022 (5 L + Downloads)

- Designed and developed a social media application tailored for doctors with features like live polling using socket technology

Transport Mall Android (News, Videos, E-Commerce, Insurance) 2022 (1 L + Downloads)

- Created an Android application providing news, video content, e-commerce capabilities, insurance services, and chat support

FlipLearn Android/Flutter (Educational); 2018 (1 L + Downloads)

- Developed an educational app covering Nursery to 12th-grade content It included video content, PDF books, doubt resolution, interactive features like notice boards and homework, and integrated Escaval for 360-degree simulation videos

Align Books Essentials Android (E-Commerce); 2017

- Created an e-commerce app with user-friendly features such as login with Google+, product categories, payment options including Cash on Delivery and PayU Money, address management, wish lists, and an easy-to-use cart with automatic total calculation

Align Books Android (Accounting App); 2017 (10 K + Downloads)

- Developed a comprehensive business ERP application for automated operations, including finance, sales, purchase, inventory, production, services, and supply chain management

FCA Integral (ERP); 2016

- Designed and implemented a business ERP application for automating various organizational operations, including finance, sales, purchase, inventory, production, services, and supply chain management

PROFESSIONAL ACHIEVEMENTS

- **Pinnacle Performer - 2021** | Fliplearn Education Private Limited
- **Chairman's Award Finalist - 2020** | Fliplearn Education Private Limited
- **Feather On the Cap - 2018** | Escape System Consultants Private Limited
- **Spike The Ball Award - 2017** | Escape System Consultants Private Limited

CERTIFICATES

- Oracle Certified Professional- Java SE 5 Programmer
- Android Dev- Ducat
- Arduino- Ducat

SOFT SKILLS

- Collaboration Skills
- Time Management Skills
- Interpersonal Proficiency
- Leadership Competence
- Decision Maker
- Problem-Solving Acumen

EDUCATION & CREDENTIALS

- 2012-14** ● **Master of Computer Application** | Maharshi Dayanand University
- 2007-12** ● **Bachelor's in Computer Application** | Guru Gobind Singh Indraprastha University
- 2005-06** ● **Intermediate** | CBSE Board, Delhi
- 2003-04** ● **High School** | CBSE Board, Delhi

PERSONAL DETAILS

- **Date of Birth:** 25th August 1987
- **Languages Known:** English, Hindi, and Punjabi
- **Address:** New Delhi- 110077
